Economical 40 Ounce Size

**3 Easy steps to guaranteed
protection from deer and rabbits!**

Directions:

1 SHAKE WELL before each use!

2 Add 8 ounces of **Liquid Fence® Concentrate** for each gallon of water and thoroughly mix.

3 With garden sprayer or sprinker, apply liberally to plants and their perimeter during a dry period.

Repeat process 1 week later and then approximately once per month thereafter. Areas where feeding pressure from deer and rabbits is intense, spray **Liquid Fence® Deer & Rabbit Repellent** once a week for 3 weeks and then approximately once per month thereafter. This will "train" the animals to avoid your yard! Please note: when using **Liquid Fence** you may notice an odor, however once it dries, the odor will not be noticeable to humans, but still very noticeable to animals.

How it works...

Homeowners, gardeners, professional landscapers and commercial growers have discovered **Liquid Fence** stops deer and rabbit damage—naturally!

Unlike other deer and rabbit repellents that require the animals to browse to be effective, **Liquid Fence** works on scent, so deer and rabbits don't even have to take a bite to be repelled. Because the animals' natural aversion to this scent will never diminish, **Liquid Fence DOES NOT** have to be rotated with other repellent brands.

Active Ingredients:

Putrescent Whole Egg Solids 24.65%, Garlic 2.96%, Sodium Lauryl Sulfate 0.61%, Potassium Sorbate 0.49%
Other Ingredients: 71.29% (Water, Xanthan Gum)

KEEP OUT OF REACH OF CHILDREN

CAUTIONARY INFORMATION:

This product may be harmful if swallowed. Avoid contact with eyes. If contact with eyes occurs, immediately flush with plenty of water. Seek medical attention if either occurs.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store in original container, in a cool, dry area inaccessible to children and pets. Protect from heat and freezing. Store between 40° - 90°F. Keep containers closed tightly to prevent evaporation. If spillage occurs, dilute with water and flush away.

CONTAINER DISPOSAL: Do not reuse empty container. Dispose of empty container as required by municipal or local laws.

Repele venados y conejos de los jardines ornamentales de paisajismo, flores, arbustos, árboles y enredaderas.

• Concentrado • Hace 5 galones
• Cubre aproximadamente 10,000 pies cuadrados

INDICACIONES DE USO:

1. ¡AGÍTESE BIEN antes de cada uso!

2. Agregue 8 oz. de **Liquid Fence® Concentrado** por cada galón de agua y mezcle minuciosamente.

3. Usando un rociador de jardín o un regador, aplique abundantemente a plantas y sus alrededores durante un periodo seco. Repita el proceso 1 semana después y a partir de entonces, aproximadamente una vez por mes. En áreas donde los venados y conejos suelen comer mucho, rocíe Liquid Fence una vez a la semana durante tres semanas y a partir de entonces, aproximadamente una vez por mes. ¡Esto "entrenará" a los animales para no acercarse a su jardín! Por favor tome nota: Cuando use Liquid Fence usted notará un fuerte olor, sin embargo cuando éste se seque, el olor no será perceptible para humanos, pero sí muy perceptible para los animales.

MANTÉNGASE FUERA DEL ALCANCE DE LOS NIÑOS

INFORMACIÓN DE PRECAUCIÓN: Este producto puede ser dañino si se traga. Evite el contacto con los ojos. Si ocurre contacto con los ojos, lávelos inmediatamente con abundante agua. Busque atención médica si esto ocurre. **ALMACENAMIENTO Y ELIMINACIÓN:** No contamine agua, comida ni alimentos al almacenar o eliminar el producto.

ALMACENAMIENTO: Almacénese en su envase original, en un lugar fresco y seco e inaccesible para los niños y las mascotas. Protéjalo del calor y del congelamiento. Almacénelo entre 4°C - 32°C.

Mantenga los envases bien cerrados para evitar su evaporación. Si ocurre un derrame, dilúyalo con agua y lávelo para eliminarlo. **ELIMINACIÓN DEL ENVASE:** No vuelva a usar envases vacíos. Deseche el envase según las leyes municipales o locales en su área.
